**METHODS IN
EPIDEMIOLOGIC
CLINICAL AND
OPERATIONS
RESEARCH**

OCTOBER 21-25, 2019

Kyrenia, North Cyprus

For applications : <https://ats-global-health.fluidreview.com/>

Turkish Thoracic Society (TTS) and American Thoracic Society (ATS) are proud to welcome you to the 11th MECOR course in Kyrenia, North Cyprus

What is MECOR?

MECOR is an interactive course that aims to assist in the professional development of physicians and scientists .

ATS-MECOR which began in Latin America in is now held in Turkey, Africa, India, Vietnam, China and Indonesia.

More than 1000 people patrticipated the course throughout the world.

Who can benefit from MECOR?

Clinicians and researchers may improve their research skills which helps them study local or international scientific problems to develop and evaluate interventions.

Academic faculty may improve their skills in teaching and in obtaining and using data to inform policy or clinical problems.

**WE AIM THE STUDENT TO HAVE A PAPER READY TO SUBMIT TO
A JOURNAL AT THE END OF THREE LEVELS**

What is achieved in the last 11 years?

MECOR-Turkey family started with 19 people in 2008 and now has nearly 250 brothers and sisters.

Many who attended the course achieved;

- ❖ Better understanding of research planning
- ❖ Increased number of qualified publications
- ❖ Increased number of publications in qualified journals
- ❖ Collaboration throughout the world-wide MECOR family
- ❖ Mentorship and guiding from professional MECOR faculty both during and after the course

MECOR CHANGED OUR LIVES
